LESSON IN CLASS

Presented by
Students of NorthWood High

ONE: Attainment of Panther Prestige 4
TWO: Survival of the Classroom 28
THREE: Looks of Class 48
FOUR: Organizations to be Aware of . . . 94
FIVE: Sporty Life 110
SIX: Shops to be Seen at 134
SEVEN: People with Class 167

LESSONS IN CLASS is the theme of our '86 yearbook for two unchallengable reasons. The first is that the study of LESSONS IN CLASS is the main proponent of our educational system. It is the reason that we daily enter the shining halls of NorthWood High. The second reason is that the students of NorthWood are themselves a LESSON IN CLASS, regardless of what activities they undertake. Whether they are in the classroom itself or making their way in the "real world", NorthWood students are, and will always be, the epitome of class. It is our hope in presenting this book that those who would like to study the proud Panthers might be enlighted by our LESSONS IN CLASS.

LESSON 1

PRESTIGE

LESSON IN

As rain poured down on the fans, Angie Whetstone was named the 1985 NorthWood Homecoming Queen. Although the weather did not cooperate the evening was a success. Amid the frequent downpours and chilling wind, the senior float was proclaimed winner. Before the game students participated in a pep-rally and a powder puff football game in which the Juniors were the victors. Last year's Queen Carey Shifflett crowned Angie as the football team rolled on to victory defeating Bremen on a muddy field. Angie will be back to crown the next NorthWood Homecoming Queen.

▲►Homecoming Queen Angie **Whetstone with escort Nathan Ross.**

▲Freshmen, Sophomore, **and Junior candidates wait patiently for the queen to be announced.**

►The 1985 Homecoming **Court and Queen Angie Whetstone.**

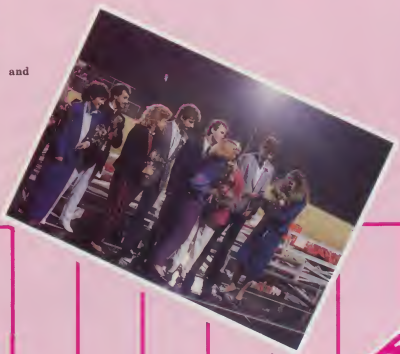

▲Senior candidate Melanie Hess and escort Cris Manges.

▲The 1985 Homecoming Court.

▲Senior candidate Stephanie Swanson and escort Tony Swihart.

►Congratulating the 1985 Homecoming Queen Angie Whetstone.

ROYALTY

A LESSON

The annual all school variety show, PANTHERS ON PARADE, was a great success again this year. Many students displayed their talents in numerous ways. They sang, acted, and played instruments. There were solos and group performances, all in a wide variety of settings and situations. As is the case every year, NorthWood students once again proved that they do indeed have talent.

Emcees for 1985-86 **PANTHERS ON PARADE were seniors Abby Lelle andKeith Eby.**

Jolynn Hunsberger, Susan **Graber, and Kelley Eby display their talents.**

Steph Swanson, Jo **Hunsburger, and Judie Johnson do a great job performing for the audience.**

◀◀Steph Swanson & **Keith Eby beg for money for the blind.**

◀Jennifer Weaver, Julie **Ramer, Monica Ramer, Lisa Replogle, and Kris Miller do their version of a barbershop quartet.**

▼Julie Ramer, Lisa Replogle, **Hollie Vorhis, Shelly Spurgeon, Rhonda Yoder, and Judie Johnson look comfy and ready for bedtime.**

A LESSON IN

▲▲Shades—A variety of shapes and designs give the illusion of being a "stud".

▲Flowered pants are definitely in!

▶Variety! But "Reeboks" are what everybody that's anybody wears!

▲Lots of mousse **makes the styles what they are this year.**

▼SWATCHES! Fun to **wear, fun to show.**

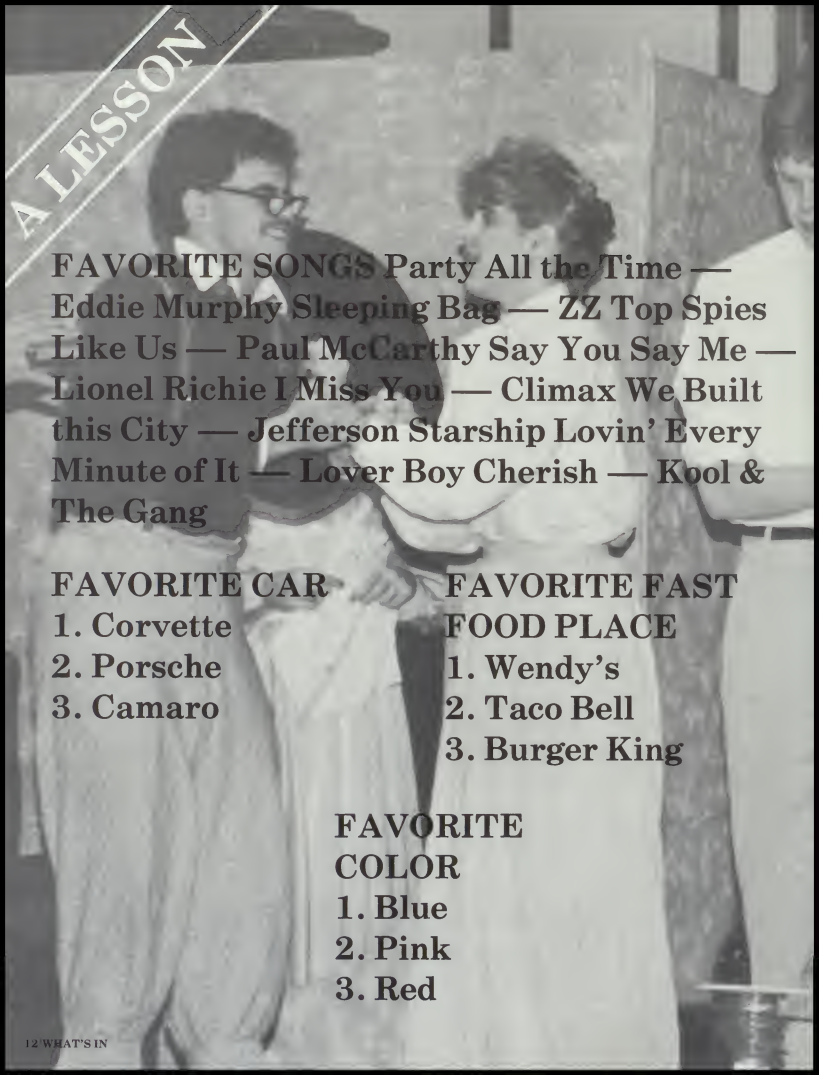

▲The fashionable beret **tops any outfit.**

▼Shaker Sweaters keep **you warm and in style.**

IN FADS

A LESSON

▲Football players Jon Andrews, Mark Ingle, Ken Fervida and Scott Smeltzer show their spirit in a unique way.

►Erica Stephens gets into the Panther spirit.

▼Is Curt Sisco really in the spirit?

▶Steph Comer and Mr. Bonacorsi converse during the Panther festivies.

▼"Yes, teachers have spirit, too!" says Mr. Swigert.

▶▼Who is most spirited at NorthWood High? Devon Weidy and Roger Goss.

▼▼Volleyball players are so modest! Congrats to the team this year for winning sectional.

IN SPIRIT

A LESSON

"Amusing — yet serious themes."

"What a life that James Thurber must have lead!"

"I couldn't believe how funny Keith was as the grandfather!"

"How about Theresa? She played the lunatic mother role perfectly!"

These were just a few of the things uttered after the performance of our fall play, JABBERWOCK, which played at NorthWood High School on November 8 — 9, 1985.

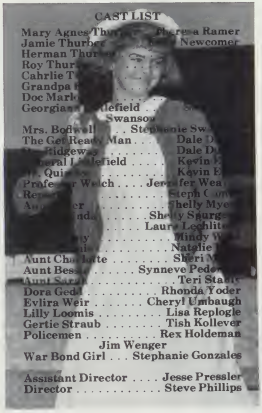

►►Show us those **undies, Keith!**

►James Thurber's grandfather, **(Keith Eby), plays chess with himself.**

▼Steph Swanson plays **the perfect sweetheart.**

▼►The Thurber family **is a wreck after experimenting with the horseless carriage.**

IN ACTING

NWHS NEWS

What are the students at NorthWood thinking about during their 1985-1986 school year? Of course, the usual college plans, exams, class requirements, and sports schedules are filling their thoughts. However, NorthWood students are involved in far more. They are concerned about their world, their environment outside of their beloved school. Here are a few notebook excerpts from the invloved students of NWHS.

As the day drew closer, the hours grew longer;
Filling my heart with eager anticipation
Of the day and the hour that I could flee
The world of cold and frustration,
And feel the warmth of the sand by the sea.
Nathan Ross

RAMBO A movie called Rambo I saw
Though then he had broken his jaw
Keep shooting today
And blow them away
We'll fight for some peace and the law.
Lisa Phipps

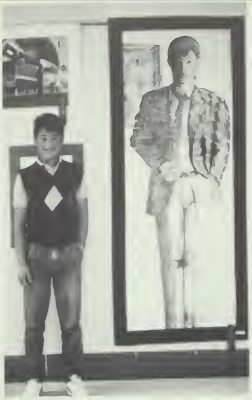

Jolynn Hunsberger and Carolyn Miller candidly discuss their futures and the problems that may arrive.

He's in the air, in the sea,
in every opportunity
He's the God of love
The creator who stands above
He's filled with hope
Even greater than the Pope
His promises are never broke
Eternity through him-it's no joke
He's my solace, my resting place
For all the problems, without him,
I couldn't face
Full of kindness and compassion
Tenderness is His fashion
He'll save you from this world of dark
Steal you from death's igniting spark
If only you'll receive
And with your heart my loving Savior do believe.

Greg Mullet develops his music interests through electric guitar.

Phet Inthivong interests in art stem far beyond NorthWood.

My Prayer
I tire of selfish goals in vain I keep,
The goal, a dream of something far away.
A goal, a lie, a selfish wish I speak.
The lie begins to spread much like decay.
My mind a dungeon dark and full of fear.
Locked inside a darkened world of lies,
I listen but I seldom ever hear.
My soul in constant anguish loudly cries.
Lord, to the cross I cling but you are gone.
Lord, save my wretched soul.
For me you died.
The darkness of my mind now sees the dawn.
Lord help me that my boastful tongue I'll hide.
And let me not the dreaming conquerer be,
But let me just his humble servant be.

On that one fateful day the shuttle flew,
It soared with all our souls into the air,
And as our pride went up into the blue,
The pride became the source of our despair.
Our stricken hearts were filled with grief to see
The tall and mighty shuttle in mid-air,
Become a fiery ball of space debris
And tumble back to earth in despair.
Amid the turmoil, though, were seven lives
And every single one of them was lost,
So now does NASA struggle to survive
And live through the remaining holocaust.
Oh how I long to hear those engines roar
And see the shuttle in the air once more.
Dan Berger

Where? (Or better yet, Why?)
Where has all the beauty gone?
That used to grace this place.
A sacrifice to the gods of war,
Made up of flowers and lace.
Where have all the ladies gone?
Ones men could call their own.
With civil tongues and eyes that say,
You'll never be alone.
Where have all the childeren gone?
They are not in their beds.
They've went off to fight the war,
And some of them are dead.
Where has all the pity gone?
It was thrown away with glee.
For when men whisper that word called "war",
They think only glory.
Daniel Pressler

Michelle Porter, Christi Ramer, and Angie Stouder will always stand their ground no matter what the confrontation.

A LESSON IN LOVE

The moment that everyone was waiting for — the crowning of the 1986 Sweetheart King and Queen. This year's king candidates were Tom Myers, Tim Smith, and Kurt Dyck. The queen candidate's were Amy Hostetter, Steph Swanson, and Melanie Hess. The announcement was made, Tim Smith was named king. Steph Swanson was then announced the new reigning queen. The evening was topped with the victory over Wawasee. Flower carrier and crown bearer for the ceremony were Brooks and Betsy Blosser. Next year Tim and Steph will be back to crown the next NorthWood Sweetheart King and Queen.

REVIEW

PROM

►**Jessica Billey seems** to be enjoying herself along with her date.

Prom '86 was a big success at NorthWood and enjoyed by all who participated both in the prom itself and also the decorating committee. The students decided to have the prom catered this year by Dal-Mar catering. The theme was "All My Love" and the chosen colors were purple and silver.

▲◄**The teachers seem** to be enjoying themselves at the prom.

►**Phil Jenkins and** Hollie Vorhis look cute as they sit down and relax for awhile.

◂**Steve Kimbourgh entertained** the crowd Prom Night.

▼**Dustin Miller sits** with his date for a break from dancing.

◂**Fred Jessup and** Tracy Eby are crowned Prom King and Queen.

GRADUATION!!!

On May 23, 1986 at 7:30 p.m. 114 students graduated in the class of 1986 plus 3 exchange students. The class colors were pink and grey and, fittingly, the flower was the pink rose. The class chose the motto, "To strive, to seek, to find, and not to yield." Dan Burger's speech was the epitome of the class motto and will not long be forgotton by the audience. We wish the class of '86 luck in their future and hope they will always remember their years at NorthWood with a smile.

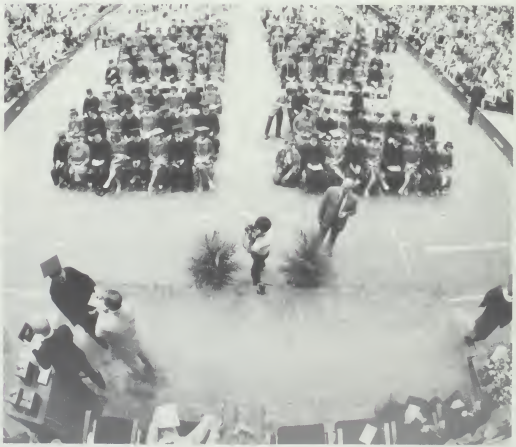

▲▶**Danny Sawyer proudly** leaves the auditorium.

▲**Nancy Ely and** Tim Schrock are all smiles after graduation.

◄**Tim Smith and** Scott Crist look pensive as they reflect on their school years. Hey, guys-lighten up!

◄**Dan Burger shares** his thoughts on life after NorthWood High School.

A LESSON IN

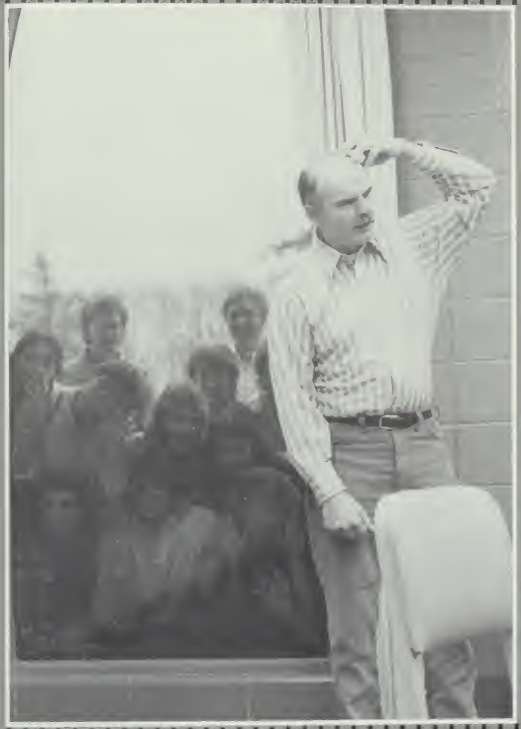

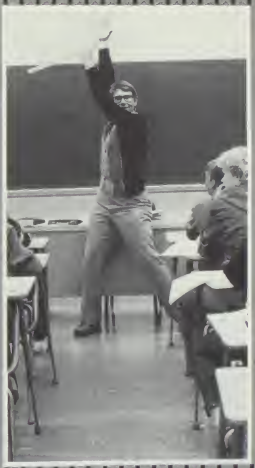

School

The essence of school is a bore
It leaves you desiring no more
The day moves like a snail
As if you're in jail
And getting good grades is a chore.

Abby Lelle

SURVIVAL

AG

Because of NorthWood being in the area that it is, agriculture is a vital area of education. Many students plan to pursue farming as a career in the future. Computers are becoming more widespread and can be very helpful to a farmer.

►**Fred Jessup and** Bryan Hunsburger try concentrating on their work.

▼**Working hard, right** Ed?

ART

NorthWood's art program offers a variety of courses for those creative students. The classes that are offered include Hobby Crafts, Jewelry, Drawing, Painting, and Commercial Art. When the year nears it's end, the students prepare and display their complete work to the school and the public at the Art Show. There is a variety of talent displayed shown in the many drawings, paintings, and many other projects entered. There are many ribbons given out to the students who have displayed their talents the best in the eyes of the judges.

◄ **Jessica Billey works** very hard to finish her painting.

▼◄ **Art class is** fun, but it takes lots of hard work and talent.

BAND

What's that flash out in the middle of the football field? The bright, shining and wet instruments of the Scarlet Guard? YOU BET!! Practicing and performing in the rain to earn their well-deserved awards this year. With Jolynn Hunberger and Judie Johnson as Drum Majors, they won a first at the Concord Invitational out of four schools. They earned a First Division at District Contest. The Highlights earned Best Auxilary in Class C at District. The Scarlet Guard earned a Second Division at Regional Contest, missing a First Division by less than half a point. The band participates in three concerts a year plus working on orchestra music for musicals for Drama, Jazz Band, and District and State Ensemble Contests in February. The band went on a trip to Cedar Point Amusement Park in Sandusky, Ohio, in May.

BUSINESS

Around NorthWood, business classes have always been very popular because of the wide variety of classes that it offers. NorthWood offers such classes as business law, typing, shorthand, general business, accounting and salesmanship. And with the computers available, computer training has been a part of the business department, making even more students interested in these areas.

CHOIR

"No, that's all wrong ... Sopranos you're off pitch ... Let's get our steps together ... start over!" These were some of the things said by Mrs. Gillam this year during choir classes and Dawning Generation.

The choirs and D.G. have been very busy this year. They participated in Panthers on Parade, "The Sounds of Christmas", Solo and Ensemble Contest, and "A Spring Celebration". Trebletones and Choralaires also sang in the commencement ceremony.

D.G. had a busy Christmas season. They had 13 performances. They also competed at the Watseka Swing Choir Invitational and finished 8th out of 18 choirs. Good job Choralaires, Trebletones, and Dawning Generation!

FOREIGN LANGUAGE

Foreign language—an enriching experience! Freshmen, imagine being able to read and totally understand poetry by famous individuals such as Jose Marti. Let's give it a try—many weathered Spanish students could recite this one in their sleep! Yo soy un hombre sincero de donde crece la palma, y antes de morirme quireo echar mis versos del alma . . .

▼**Shelly Metger experiments** in language lab.

HOME-EC

Home Economics has become more than "stitchin' and stirrin'." Students may choose to learn about Interpersonal Relationships and examine the responsibilities of Marriage and Family Living. Also, the challenges and joys of parenting can become a reality for students who prepare for this role in Child Development. These students get to "nuture" an egg for a week to test their patience and readiness for the 24-hour job of Parenting.

A semester in Consumer Education can help you take charge of your thoughts and feelings in the marketplace and control decision making and spending.

Your future home is probably the single largest purchase you will ever make. Mrs. Fales' Housing class is helping many students prepare wisely for this big decision.

Students in Foods classes study nutrition and meal planning. Food preparation is carried on in our six beautiful kitchens. In addition, students plan and carry out a formal dining experience and have a three-day home cooking project.

All these classes are designed to strengthen the skills that lead to a more satisfying life.

▼ **Home Ec isn't** just for girls, is it Scott Warren?

▲▲ **Dawn Fisher enjoys** playing with the young children during her home-ec class.

▲ **Heidi Hess teaches** Erin a lesson in art.

IND. ARTS

Industrial Arts classes are popular among many as students realize the importance of knowing how to draw plans for construction, then knowing how to build from those plans; or learning to fix a car that won't run. In Graphic Arts, programs and pamphlets are printed for use by the school or clubs and organizations. Many students enroll in Woods classes, where they make cabinets, gun racks, or other useful household items. Amps, watts, and volts are all an integral part of electronics class. Knowing what these terms mean is necessary in order to work with electrical equipment. Drafting students develop working plans for various projects.

▲**Mr. Geyer teaches** his students how to draw correctly.

◄**What an industrious** team.

Alex Orn tries to get the bugs out of his engine.

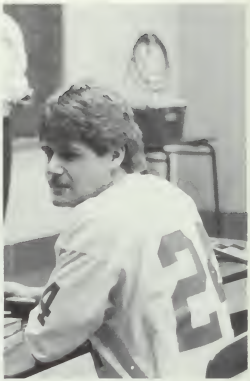

"Imagination is as valuable as education—both need constant development throughout life." Calvin Stutzman (woods teacher)

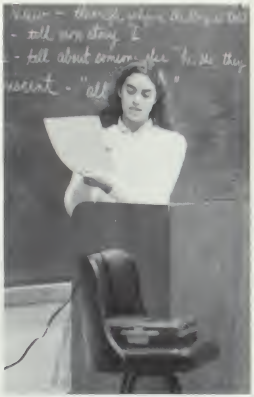

ENGLISH

Remember how you thought The Pearl would never end? How about the monstrous butterflies before your first speech? Did anyone tire of Mr. Allen's Shakespeare quotes? or Mr. Prinkert's Greek and Latin roots? Has anyone actually retained them in their long term memory? Here is a winner! Pretend that you are given the opportunity to rewrite a composition for expos. Would you? Thought not. But these are some of our most unforgettable memories at NorthWood High, and a basic part of our cherished English curriculum.

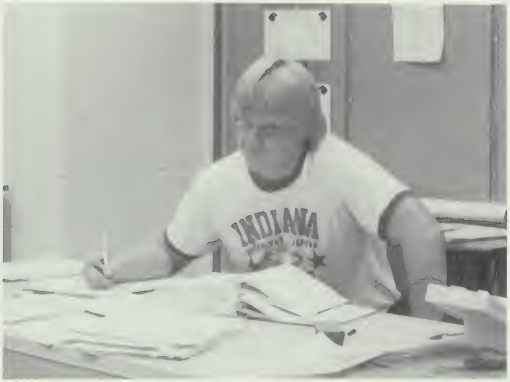

Poetry
Writing poems would be fun,
If I could get them done;
Words never rhyme,
It's such a crime,
To assign this task to anyone.

▲◀**Carrie Trocchio concentrates** on her English assignments.

▲▶**Troy Andrews patiently** listens during class.

◀**Deanna Graybill uses** her visual aids to demonstrate for her speech.

▲**Studious class, right?**

MATH

Math classes are fast becoming the most important academic classes at NorthWood. The field has expanded to include more variety. Computers have become a major part of Math and students may start taking these classes in lower grdes.

The teachers responsible for instructing Math subjects are Miss Burkholder, Mr. Gerber, Mr. Johns, Mr. Walter, and Mr. Weaver. Requirements have increased in Math, requiring 4 credits or 2 years to graduate.

Jon Andrews checks his paper against the key.

Freshmen listen intently to Mr. Walter in Algebra.

Math requires a lot of listening, as Traci Cleveland demonstrates.

P.E.

"Mrs. Larson, Mother thinks I should sit out today. I'm on the verge of getting a cold."

"You wouldn't believe this, but I have an acute disorder that exercise of any kind will automatically activate and I'll break out in hives. I don't look good with hives."

These are excuses that we have all used at one time or another. The course is usually enjoyed by all however. In addition, to the required freshmen course, many courses are offered to upperclassmen who would like to specialize in a certain area of fitness.

▲ **Brandon Hoffer makes** the sweetest P.E. participant.

► **Kandi Hostetler and** Jodi Ketchum are active participants in advance classes. Let's see some action girls!

SCIENCE

Hey, does anyone remember the fragrance of formaldehyde that desended upon us from Mr. Neff's room? The shark disection was one of the main highlights of the Biology II class last year. Physics and Chemistry students spent about one-third of class time doing labs and learning to use a wide variety of instruments. Northwood also offers Biology I, Basic Biological Science, Human Physiology, Physical Science, and Biochemistry.

Science mainly teaches scientific methods of reasoning. It attempts to teach students how to ask questions and observe things, and go about answering things in a scientific way. This hopefully will help students when they reach college in the field of problem solving.

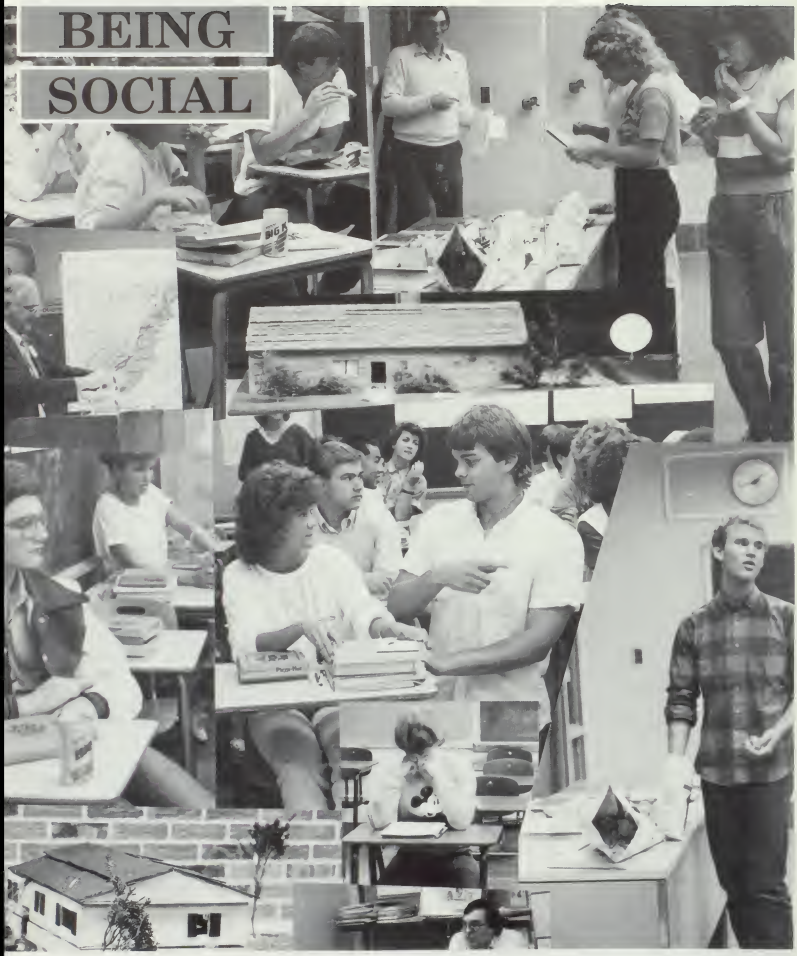

▲◄**Hollie Vorhis gives** us a smile while she is doing her lab.

▲►**Synneve Pederson and** Rhonda Buck are enjoying themselves during Mr. Zercher's class.

◄**Tim Smith and** Tom Myers are diligently concentrating on their Chemistry lab.

▲**"What? I don't** believe you!" Keith Eby says as he questions Mrs. Rita Harnish.

BEING
SOCIAL

SWAP DAY

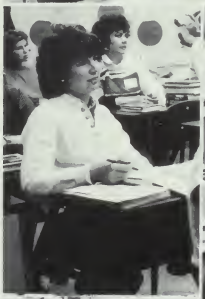

"42-30-18, it still won't open." "Maybe this is the wrong locker." "Oops, this is the wrong class." "Sorry I'm late." These are some of the struggles that parents face during the dreaded Swap Day. Swap Day is the day in which students get parents or other adults to come in to school for them. The parents, for a half-day, muddle through the classes for the student. This day brings back many memories from past decades.

While parents are at school, the students are at home sleeping in and watching their favorite soap operas. However student council and cadet-teaching students help show parents around throughout the day. Swap Day gives parents a chance to see what Northwood High School has to offer.

FUTURE

Time that's not here; Maybe someday I'll find Things in life that I do not have What's next? Cheryl Umbaugh

SCHOOL YEARS

My senior year is very exciting. School is ending so very quickly. What will I do oh Father? The clock is winding tickity-tickity.

The time is going so very fast. Friends are parting never betrayed. Will the friendship last or pass? Decisions are being made.

Help me out for time is short. Which way shall I want to go? My life has only begun. The future beholds the unknown.

Thank you for the time we shared, The friendship built never to be compared. I want you to know I really cared. Graduation is almost here.

The grades are not what I remember the most, My teachers I will always remember But my grades I will not boast. Graduation is coming near.

Career decision must be made College seemed so far away A teacher's what I will become Time coming, passing, faster each day.

I wish I could do it again College will fulfill what I have dreamed, Time gone forever and ever. It went so slow, so it seemed.

The day I've waited for has come. The times we've shared never lost. My day is over, it went so fast. Replaced never at any cost.

EDUCATION by Dan Berger

"O why do we go to our school? To sit in class and misbehave?" "Oh no!" I heard my teacher say, "That's not why you should come each day."

But then why do I come each day? Am I to socialize with friends?" "Oh, no," again my teacher said, "To socialize is not the end."

But then why are we all here now? Is it to be an athlete strong?" And then again the feared response, "Oh no, but we mix brains and brawn."

"If you do mix these two toge'er Then why do some have only one? Are they too blind to comprehend Or do they come to just have fun?"

SENIOR IDEAS

Our senior year was a time of anticipation. We couldn't wait to step out to the world to make our own choices based on the life we have chosen to fulfill; yet a part of us dared to leave the friendships which had grown during our years at NorthWood.

FANTASIES

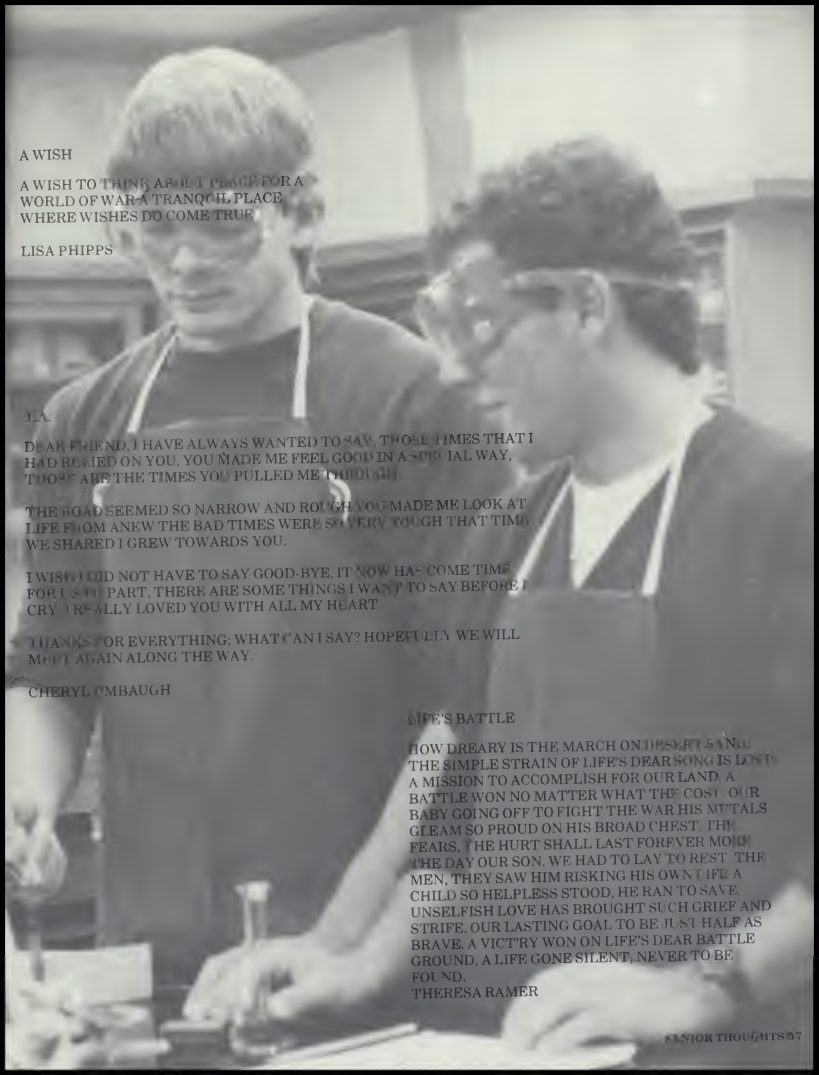

MYSTIC
FANTASIES FULL
OF MIXED FEARFUL DREAMS,
WHO KNOWS WHAT THEIR OUTCOMES WILL BE,
BUT YOU?

THERESA RAMER

MAN'S WASTE

THE WORLD, HOW BLEAK IT LOOKS BEFORE MY EYES.
THE STAGNANT AIR IS FILLED WITH SOOT AND SMOKE,
THE FORESTS WHICH ONCE TOWERED TO THE SKIES
ARE NOW CONSUMED WITH ASH AND FUMES THAT CHOKE.
THE STREAMS WHICH FLOWED SO PURE AND CRYSTAL CLEAR
AND TRICKLED DOWN THE MOUNTAINSIDES OF OLD
HAVE LOST THEIR SPARKLE AND ARE NOW AUSTERE
WITH FLOATING TRASH AND GARBAGE TRIMMED WITH MOLD.
THE EARTH WHICH NEVER ONCE HAD SEEN A SCAR,
ITS SOIL, ONCE RICH WITH NUTRIENTS GALORE,
CAUSED GREED AMONG ITS MEN AND THEY DID MAR
THE EARTH TO STEAL ITS PRECIOUS LOADS OF ORE.
BUT IN ALL THINGS GOD'S PLANS HAVE BEEN ARRANGED
AND MAYBE, THROUGH MY HELP, EARTH CAN BE CHANGED.

A WISH

A WISH TO THINK ABOUT PEACE FOR A
WORLD OF WAR A TRANQUIL PLACE
WHERE WISHES DO COME TRUE

LISA PHIPPS

L.A.

DEAR FRIEND, I HAVE ALWAYS WANTED TO SAY THOSE TIMES THAT I
HAD RELIED ON YOU. YOU MADE ME FEEL GOOD IN A SPECIAL WAY,
THOSE ARE THE TIMES YOU PULLED ME THROUGH.

THE ROAD SEEMED SO NARROW AND ROUGH YOU MADE ME LOOK AT
LIFE FROM ANEW THE BAD TIMES WERE SO VERY TOUGH THAT TIME
WE SHARED I GREW TOWARDS YOU.

I WISH I DID NOT HAVE TO SAY GOOD-BYE, IT NOW HAS COME TIME
FOR US TO PART, THERE ARE SOME THINGS I WANT TO SAY BEFORE I
CRY I REALLY LOVED YOU WITH ALL MY HEART

THANKS FOR EVERYTHING; WHAT CAN I SAY? HOPEFULLY WE WILL
MEET AGAIN ALONG THE WAY.

CHERYL CIMBAUGH

LIFE'S BATTLE

HOW DREARY IS THE MARCH ON THIS SAD SAND.
THE SIMPLE STRAIN OF LIFE'S DEAR SONG IS LOST.
A MISSION TO ACCOMPLISH FOR OUR LAND. A
BATTLE WON NO MATTER WHAT THE COST. OUR
BABY GOING OFF TO FIGHT THE WAR HIS MEDALS
GLEAM SO PROUD ON HIS BROAD CHEST. THE
FEARS, THE HURT SHALL LAST FOREVER MORE
THE DAY OUR SON, WE HAD TO LAY TO REST. THE
MEN, THEY SAW HIM RISKING HIS OWN LIFE A
CHILD SO HELPLESS STOOD. HE RAN TO SAVE.
UNSELFISH LOVE HAS BROUGHT SUCH GRIEF AND
STRIFE. OUR LASTING GOAL TO BE JUST HALF AS
BRAVE. A VICTORY WON ON LIFE'S DEAR BATTLE
GROUND, A LIFE GONE SILENT, NEVER TO BE
FOUND.

TOURING EUROPE!

While many NorthWood students spent their summer working at jobs, going to the dunes, getting tans, or just "hanging out", Jessica Billey was busy practicing her violin and rehearsing with a symphony. She put in many hours of practice getting ready for a three week tour of Europe!

July 18th was the beginning of the tour which included seven countries: England, France, Switzerland, Italy, Austria, West Germany, and The Netherlands. Their first concert was outside in Tunbridge Wells, near London. Unfortunately, it rained and after playing three numbers, they retreated to the bus.

In Paris, they met a high school band from Ohio that was staying in the same hotel. It was amazing to be on the other side of the world and see someone from "home".

As the symphony traveled through Europe, Jessica saw many exciting sights: Picadilly Circus in London; Eiffel Tower and The Louvre in Paris; she was also able to hear the Pope!

After spending three weeks making many new friends, it was hard to return home but the memories of the tour will linger on.

SPIRIT! SPIRIT!

Once again NorthWood students demonstrated what spirit really means. Spirit is defined as having a lot of energy and everyone sure did. The halls were decorated throughout the year for the support of many activities. Spirit days were also planned to fire up the teams and just for fun. Going to sport events, attending dances, having pep rallies, and "getting into" spirit days, it is all a part of spirit and pride at NWHS.

BEING A SOPHOMORE

Class rings . . . Biology . . . Sweet 16 . . . License . . . It's all part of being a sophomore.

The class ring is a very exciting part of your sophomore year. It's more than just a symbol, it's a reminder of many happy memories at NorthWood.

Probably the most important and exciting part of your sophomore year is being "Sweet Sixteen" and getting your license.

A "CHANGE OF MIND"!

Meet Andy, Greg, Joe, James, and Mitch, the band members! Andy Stump has been playing the drums for ten years; Greg Mullett plays the bass and electric guitar and also plays for "Carpenter's Tool's"; Joe Hossler plays the keyboard and background vocals; James Garner plays the guitars and has played in many other bands; Mitch Evers is the lead vocal and is active in Choir and D.G. here at NWHS. The band writes some of their own songs with a Christian message and play songs by other secular rock groups. They plan to keep playing for dances and parties. One of their goals is to get into Young American Showcase and play for Free Fare! Good Luck, guys!

Advice to seniors

"Go for it. We are smarter than we think. Set realistic goals and then reach those goals with persistence and hard work. Eliminate the word 'can't' from your vocabulary."

— Anonymous

"My advice to any seniors is that when you are engaged in esoteric medition, which is redundant upon verbose imbellishment; consider the old adage that a picture is worth a thousand words."

— Marvin Galbreath

"Always do your best, but don't take everything in life too seriously."

What Do You Have To Say Now?

"There is a tide in the affairs of men, which, taken at the flood leads on to fortune . . ." — Shakespeare (Julis Ceasar)

— Tom Allen

"I think, when it's all said and done, what life boils down to is quality relationships. May your lives be filled with compassionate caring and sharing, meaningful living and loving!"

— Beverly Fales

"A can't is a sluggard too lazy to work."

— Bryan Carter

"It is difficult to find much about NorthWood that I dislike. One of the best things about the school is the kids. We have excellent kids which is, of course, a tribute to the parents too."

— Robert Riley

"Anyone who stops learning is old, whether this happens at twenty or eighty."

NEW FACES AT NORTHWOOD

Gail Wing-Home Economics
"NorthWood High School looks more like a small college campus. The style and maintenance of the school keep it looking brand new and attractive. As a parent of students enrolled here, I am impressed with the academic quality of education. I grew up in a small town in southwestern Pennsylvania. Then I went to Greeley, Colorado to college where I majored in Home Ec. I loved my college years. My love of travel led me to work summers in Seattle during the World's Fair and at Jones Beach, Long Island, New York. The year after graduation I enrolled in a European Study Tour that included two weeks in Russia. In 1983, we came back to old roots here in Indiana. I have two daughters, Cathy and Jeanine. I value my Christian walk with the Lord, my family, and home."

Cathy Gillam-Choir Director
"I was raised on county road 50 and graduated from NorthWood in 1977. I attended Manchester College and majored in music education with an emphasis in voice. I have been married to Chris for 5 years and we have a 2 year old named Laura and Kelsie born in early middle of May. We attend Nappanee Missionary Church."

Bob Cross-Guidance
"Having taught in the area for eight years I had some awareness of NorthWood before I came here. My impressions were favorable. I knew of the strong committment to academic and athletic excellence as well as the great facility. Having been here for a year and looking at things from the inside has not changed my very favorable impression of the school. I grew up in the Goshen area and after graduation from high school I went on to spend some time at Butler, Goshen College, and University of Southern Colorado. Since college I have had several teaching and counseling positions including eighteen months in New York City, six years in Colorado and eight years at Concord. I am married and have two boys ages five and seven."

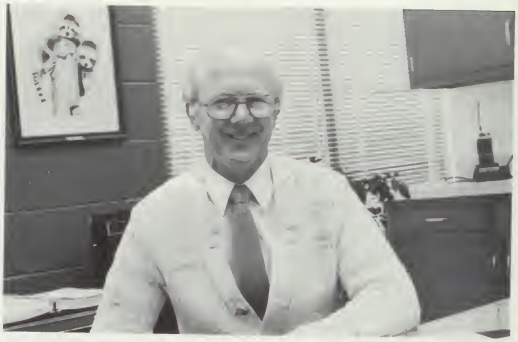

Sheldon Beachy-English
"At the end of the summer of '85, I was fresh out of Goshen College and doing absolutely nothing. I had sent the resumes, filled out applications, and been given one interview—all to no avail. One morning my roommate woke me up and said I had a telephone call. Being the naturally energetic person I am, I told him to take a message and I went back to sleep. Later that morning, John K. Miller called again. I came to NorthWood that morning, wearing a necktie for about the fifth time in my life. I signed the contract the same day. After six weeks, I got to know and rely on other faculty members—a staff that won't be found at many other schools. Most students reflect the attitude of the faculty and of the community in general. That's why I'll be back next year, probably after a summer of doing absolutely nothing. 'Listen to everything you hear, but remember that ninety percent of it is garbage.' "

KEEPING THINGS IN ORDER

Principal—Phil Lehman

Mr. Lehman is no stranger to the community. His family lived here and he graduated from Nappanee High School. He attended Indiana University and majored in business. He received his master's degree in secondary education at Indiana State. His goal at NorthWood is to provide a friendly and pleasant atmosphere where students can learn and teachers can teach. Mr. Lehman tries to attend all school activities, which the students appreciate. He enjoys being principal at NorthWood because of the good teachers, students, and cooperative community. The Lehmans have three children, Liz, Dave, and Susan. Mr. Lehman's hobbies include doing maintenance work around home and refurnishing furniture.

Vice-Principal—Louie Bonacorsi

The Italian town of Clinton, Indiana is where Mr. Bonacorsi grew up. He was active in 4-H and farm activities and graduated from Clinton High School. In college he majored in industrial arts and attended Indiana State University and Indiana University. Mr. Bonacorsi feels that the goal of the school is to provide an atmosphere where students enjoy getting an education and faculty can help them develop skills that are necessary to be successful in life. As Vice-Principal he helps with the student council activities. Because of all his coaching experience he enjoys athletics, but his goal is to become more involved in the activities of the fine arts department. The Bonacorsi's have two children, Joey age 9, and Kristin 4.

Office Secretaries

The office secretaries are kept very busy during the day by typing and doing other organizational things for all aspects of the school. In the picture, left to right, are Mrs. Betty Cripe, the extra curricular financial secretary; Mrs. Sandra Loucks, the guidance office secretary; Mrs. Norma Personett, the principal's and athletic secretary; and Mrs. Fredoma Arnott, vice-principal and cafeteria financial secretary.

Administration Keeps Things Running Smoothly

The school board represents the people in the Wa-Nee school system district. They provide leadership in determining what the facilities and learning experiences should be for the students. The superintendents and administrative secretaries work hard all year coordinating all the activities in the school system.

Helping Us Out

Giving Us Guidance and Supervision

In the guidance department Mr. Cross and Mr. Fields have had a busy year assisting students with class schedules and career possibilities. The work of an athletic director is a full time job for Mr. Campbell. He makes sure that all the sporting events are scheduled. Mr. Myers and Mr. Dodson are responsible for coordinating the scheduling of events in the athletic center and pool. These recreational areas are available for community use.

◄ **Our Guidance Counselors** Mr. Cross and Mr. Fields are willing to help us with our questions.

▼**Mr. Dodson, Mr.** Campbell and Mr. Myers work diligently to schedule all our athletics.

Answering All Our Questions

The role of the nurse is to be responsible for the welfare of the health of students. She records all health records, administers visual and hearing tests and gives medical attention when needed. The librarians at NorthWood have provided an attractive setting for students to study or keep up with current reading of newspapers and magazines. They also do a great service by assisting in acquiring resources materials for assignments.

►**Helen Stackhouse goes** through our medical records.

▼**Delores Bigler does** some of the typing needed to run the LRC.

▼►**Taking a break** from a busy day is Rosemary Mathews.

CLUBS TO JOIN

CAMPUS LIFE

Campus Life has weekly meetings on Monday nights at the homes of club members or directors. On the average there are 60 members present every week. Each meeting consists of original and crazy games and a short discussion on topics chosen with the high school student in mind. The conversation is usually kept on the light side and gives members the opportunity to voice their opinion, and hear others. The general concept, of the majority of the student body who has not attended a meeting, is that Campus Life is a club for religious students. The club meetings and activities are not centered around a religious aspect. It would be called a more positive or moralistic view. The weekly meetings end with refreshments and a time for students to talk to each other.

Every Thursday morning at 7:30 a.m. FCA members and guests met for fellowship and fun, prayer and meditation, and doughnuts. The officers were President, Nathan Ross, Vice-President, Judie Johnson, and Treasurer, Cheryl Umbaugh. Terry Johns sponsored FCA. During the Basketball games FCA sponsored the coat check. Last year FCA sent 4 students to the Summer Conference in Colorado.

FUTURE FARMERS OF AMERICA

THE NATIONAL ORGANIZATION FOR BOYS

STUDYING VOCATIONAL AGRICULTURE

Under the direction of sponsor Frank Williams the FFA completed a successful year. Once again members participated in judging contests, the slave auction and the annual banquet. NorthWood Teams placed second and third in county judging competition. Officers were Fred Jessup, President; Ron Paul, Vice President; Bryan Hunsberger, Secretary; and Scott Clark, Reporter.

Hi, You want me to tell you about my home-country West-Germany? Germany is, as you surely know, a lot smaller than USA, but heavier populated. More people live in cities than in the country. Since there is a good public transportation system in and around the cities, less people have cars. Distances are shorter, and parking lots are same; therefore, many people either take the bus, ride bike, or just simply walk. Also, you have to be 18 before you can get a drivers license. So, having your own car at age 18 is an even less relizable dream for us than having a convertible over here. Another thing that is different is the school system. Depending on which level you choose, you may go to school for 9, 10, or 13 years. Since I choose the college level, I have two more years of school after I get back even though I'm a senior here. Also, we can't choose which classes we want to take. They are all required. In Germany, school is usually out at 1 p.m., but then we have to do our homework at home. Sport doesn't get as much attention in German schools as it does here. If you want to go out for competition, you join a sports-club and enter a team there.

EXCHANGE

Practice is all year long. One thing that is totally different is the church system. We basically have two main religions: Catholic and Lutheran. There are other groups, too, since we also have freedom of religion, but they are not very wide-spread. Since we have less different religions, we also have less church houses. Religion doesn't play as big a role as I noticed it does here. Having lived here in America for 9 months now (plus 2 until I go back) has helped me to better understand the Americans, who come to Germany to live there for a couple of years. I found out that there are a lot of different customs, but the people are just about the same. Why don't you come to Germany and see it yourself? Corinna Friedriche (Connie)

As a born West-German, Georg Henning Alexander Uhlig says: The biggest shock upon my arrival in Nappanee in August 1985 was to see 16-year-old kids driving around in cars. You might be able to do that in Germany if you were 18 and had about $500 for a license. The next shock was to hear Steph call me a chicken: "Hen" (what a nic-name!) A German high school is completely different from an American one: A class usually consists of 17-25 students who stay together in the same classroom most of the time. And once classes are over (1:20 p.m.) there are almost no activities going on at school. For athletics you have to join private clubs which explains why there are no school games. What will I be doing after graduation from NorthWood? Sweating through my two graduation years in Germany.

What is different between USA and Finland? I'll tell some basic things, like school. In Finland we go to school five days a week, 4-8 hours a day with 10 minute breaks between the class periods. Our schedule is different every day and we have more classes that we HAVE to, take like biology, geography, religious knowledge, math, English, Swedish, Finnish, music/art etc. We don't have any afterschool activities like in NorthWood. All sport-clubs are outside of school, where people become a member of. Basketball, soccer, track, tennis and in winter ice hockey are popular. Evenings and weekends we go out with friends, just like here. Fast food restaurants are not so popular in Finland than they are here. We go out to the movies or just get together to people's houses. Every weekend we have live-concert or disco in my town. We also have parties at school once a month and bigger ones on Christmas time, and in February when our "seniors" get out of school. Yes, they really finish school in February but after that they start to review all the basic things that they have learned in school during these twelve years. Then they will have big final tests during the spring and graduation at the end of May. Young people don't drive cars so much in Finland than here. We get our license when we are 18 years old. But instead, it is much cheaper to travel by bus or train in Finland than here. And most of the people live right in town, not so much out in the countryside than here. My exchange year has been a great experience! In the beginning it was hard, no friends, school was different, and it was hard to communicate with different language. But later on, I got used to everything and now I know I am going to miss everything and everybody when I'll go back to Finland. It would be nice to come back, and who knows I will, some day! And I hope somebody will come to Europe and to Finland, too. You're welcome to visit my house then! Minna Lehtovaara "Mindy"

LOGUE

The LOGUE staff worked together with advisor, Mrs. Korenstra, and editors Tish Kollever and Melanie Hess and Helen Benedict as Business Manager to put together this year's Logue with the theme being "A Lesson In Class". Everyone on the staff worked together as a team to meet the deadlines for the Logue. Like any sport or club, yearbook required sacrifices and true dedication. In the fall, everybody was involved in selling yearbook ads to the businesses in the area. After all of the ads were sold, the construction of the yearbook was started. Contrary to popular belief however, the yearbook staff did enjoy some "cultural advancement activities" as a way of rewarding themselves for their time and effort.

MAT MAIDS

The Mat maids were kept very busy again this year. Countless hours were spent making spirit signs, locker decorations, and typing the stats on the computer. At the dual meets and tournaments there was video taping, running the clock (at home meets), taking pictures, selling concessions (at home tournaments), and keeping the stats needed to be done. Each mat maid did a lot of work (at the 5 NW tournaments) to have them run as smoothly as they did. The mat maids really appreciate all the time and tolerance our sponsor, Mr. Bonacorsi, puts in to organize everything we do.

HONOR SOCIETY

The induction ceremony for the 1986 National Honor Society was held Tuesday, April 1 at 6:45 a.m. At this time the new members and their parents were honored at a breakfast.

1—Deb Rohrer, Kathy Miller, Corrie Metzler, Kris Miller, Julie Ramer, Kari Wenger, Jessica Billey. 2—Theresa Ramer, Sarah Besson, Jaclyn Jesse, Carolyn Miller, Helen Benedict, Cathy Wing, Linda Hoover. 3—Matt Karnes, Scott Crist, Keith Eby, Tish Kollever, Bryan Hahn, Cara Meinert, Deanna Graybill. 4—Phil Whetstone, Barb Rohrer, Sally Weldy, Nathan Ross, Doug Schrock, Dan Berger, Kurt Dyck.

PROBLEM SOLVERS

There were two Future Problem Solving Teams this year coached by Bill Swigert and Darlene Miller. They had three scenarios: world hunger, endangered species and artificial intelligence. For each one, the teams had to create twenty problems and pick the main problem. The best solution was then expanded. These problems and solutions were sent to a FPS headquarters in Indianapolis where they were judged. Only the third problem determines advancement to state and national level. Although the teams this year didn't score high enough to go to state they had fun competing against the other team. Long hours were spent arguing about these future problems.

PEP

ST. COUN.

This year the Student Council worked hard and the year progressed smoothly. The first thing we did was coordinate the Homecoming activities. Once again this year we picked on the Freshmen to change the sign in front of the school. Then there were the Christmas and Valentines Day fund-raisers, the sampling of new foods by the underclassmen, and plans to redecorate the South Surge. Upperclass members helped out the American Cancer Society by demonstrating to local fifth graders the ill effects of smoking, with the help of Modern Millie, of course. Finally, there were the Sweetheart activities, member exchange with other high schools, and the Senior activities during their last week. Overall, it was a pretty busy year, but we all had a pretty great time.

LESSON 5

SPORTY LIFE

BASKETBALL

5 . . . 4 . . . 3 . . . 2 . . . 1 . . . and the NorthWood Panthers just won another game! This year's varstiy squad improved throughout the 1985-1986 season. As usual the seniors lead the team well. The MVP was Robin Wenger, and the captain was Scott Crist who also won the outstanding rebounding award. Bill Holdeman won the Pride-Hustle-Desire award and Todd Cleveland was the outstanding defensive player. For the second year in a row Rex Hochestedler won the Free Throw Award with an impressive 81% average.

GIRLS BBALL

SECTIONALS! WE MADE IT!

The 1986 season was very successful for the girls basketball team. Their season record was fifteen wins and 5 losses. Captains for the team were Tracy Eby and Missy Beck.

The Most Valuable Player for the season was Missy Beck. Other awards went to Lisa Hahn, Outstanding Defensive Player; Christy Wesolek, Mental Attitude; Cindy Harter, Free Throw; Missy Beck, Outstanding Rebounder.

CHEER

IT TAKES MORE THAN SKILL!

When asked what it takes to be a successful cheerleader, Steph Swanson thought that it took more than the ability to do splits or roundoffs. It is a person's attitude and ability to work well with other people. She agrees that precision and ability are important, but if a person doesn't have drive or determination, the squad isn't helped much. She also says creativity is needed so that fresh, new ideas can be spread throughout the community.

The Varsity won the title of 1st runnerup in competition at International Cheerleading Foundation while the Junior Varsity were finalists in the Grand Champion Competition. Both teams placed swept the awards at the Elkhart County Fair winning all-around champs and taking first place and county trophies.

If cheerleading was based on a winning or losing season, the NorthWood cheerleaders would have an undefeated record. Captained by Steph Swanson, the cheers and events planned by the cheerleaders were enthusiastic and fun. They sponsored a cheerleading clinic for grade school children who cheered one night during the football season.

X-COUNTRY

The cross country team had an up-and-down season with a 6-6 record. Lots of excitement in several of the meets enabled them to go to Regionals, the first time in 5 years. Many exhausting practices consisted of running as many as 8-10 miles, sprints, and trying their luck running up and down Harrison Hill. Congratulations to Curt Sisco and Dave Kendall for being choosen as Most Valualbe, Jim Kulp as Most Improved, and Renita Graber for finishing at Regionals her first year here.

GYMNASTICS

Connie Stillson was the coach of the 1986 girls'gymnastics team. Varsity record was one win eight losses. J.V. record was three wins five losses. The team co-captains were Missy Slabaugh and Dawn Showalter. Most improved was Teresa Maurer. Most valuable gymnast was Missy Slabaugh. She also got the best attitude award. Good job, girls! The best meet was at Elkhart Central. The best performance was by Missy Slabaugh on the vault with a score of 8.5.

Run! Block! Kick! Following those orders the football team compiled a very successful 7 — 1 record, making them conference champs for the second year in a row. Under the leadership of COACH OF THE YEAR, Jim Andrews, the BLACK CRUNCH seemed invincible until the second round of sectionals when the Panthers were defeated in a battle that ended 14 — 6 Plymouth.

Senior leadership will be greatly missed by the 1986 CRUNCH. Gone will be Scott Warren, Bill Holdeman, Tom Myers, Doyle Stump, Thad Grove, Keith Eby, Todd Cleveland and Scott Crist who was voted ALL STATE as Quarterback.

SWIMMING

The Boy's swim team finished this year with many successful meets. Every member on the team spent long hard working hours practicing to prepare for competition. Several of the team's members, however, received special honors for their hard work and achievements. The most valuable swimmer award went to Todd Ramer. The tri-captains were Tony Swihart, Tim Smith, and Dan Berger. The most valuable diver award went to Mike Gongwer. The mental attitude award went to Doug Berger. The most improved swimmer went to Keith Bush.

SWIMMING

Swimming. A sport filled with highs and lows. Keeping your spirit up throughout the long season. Everyone setting and striving to meet her own goals to help the team, even if they don't win.

This year the swim team practiced morning and after school to prepare for their meets, Northern Lakes Conference meet and Sectional and State competitions. Speaking of which, Abby Lelle placed first in the 50 meter freestyle at the NLC meet, second at Sectional Finals and thirteenth at the State Finals in Indianapolis in November. Abby was elected Most Valuable Swimmer and Toni Siomos was voted Most Valuable Diver.

NETTERS LOOK SMASHING

"Take a lap!", yelled by the new head coach, Angie Swain, was a familiar sound this fall. This year's tennis team had a building season with their young team. As a team, the season might have been a little frustrating, but individually there were many rewarding matches.

All the hours of hard work and practice paid off for the 1986 tennis team. Comprised of all underclassmen, the varsity had a very successful season. The team also traveled to Columbus, Indiana for a Saturday match.

SOFTBALL

Once again we have had one of those seasons that will be long remembered. The Boys Varsity finished its season with a 9-2 record with our J.V. finishing with 9-1. We won our 4th straight Concord Relays (Kelly Relays) while establishing a new meet scoring record. Jr. Richard Culp rewrote the record books setting new school records in the 100 meter dash (10.9), 200 meter dash (22.3), and the 400 meter dash (49.2). Jr. Brad Hartpence also tied the school record in the 300 low hurdles (39.8). The key to our success has been our team depth. In one way or another everyone on this year's team contributed and deserves credit for our acomplishments.

The 1985 season was one of excitement for the Panther Red Slam. Among the major accomplishments were finishing 3rd in a tough Concord Invitational, second in the NLC and, of course, winning the Northridge Sectional and finishing the season with the best record in the county.

The Panthers were given leadership by veterans and co-captains, Missy Beck and Tracy Eby. The pair were also recognized as co-MVP's by their teammates and coach. Other award winners were Terrie Klotz, Best Mental Attitude and Missy Beck, Serving Award. Tracy Eby was later named to the NLC First Team, joined by Missy Beck and Terrie Klotz, Second Team and Lisa Hahn, Honorable Mention.

WRESTLING

"Everytime you walk out onto the mat you have a job to perform. That job is to wrestle your best and nothing else." That's just one of the many signs in the wrestling room letting the wrestlers know what is required of the mat practices and meets. The 1985-1986 season was headed up by two returning assistant coaches, Rick Troxel and Jeff Biller, and a new head coach, Dennis Lewis, from his assistant coaching position at state-ranked Delta. Coach Lewis used his experiences from Delta to improve our team. Seniors this year lead the team with their experience and will be missed, but the upcoming season looks good with promissing underclassmen.

State finalist Gary Ulrick goes head to head with his opponent at the state finals.

Sectional Champions are Steve Cutchin, Keith Eby, Ryan Miller and Todd Crowder.

GOLF

Golf is a sport that requires a lot of concentration and although many students play for fun, the 1986 Golf team showed us what the game was all about. The Varsity was led by Rex Tobias and the Junior Varsity by Todd Firestone. The Varsity consisted of five members and the JV of seven. The teams practiced at the Nappanee Golf Course. They were coached by Jay Taylor.

BASEBALL

After a strong 15-5 start the NorthWood High School Baseball team coached by Bob Riley fell into a losing streak. By late May the varsity record dropped to 15-13. For the first time in several years NWHS finished below .500 in the conference which was won by archrival Goshen. The seven senior members showed excellent leadership which will be greatly missed next year.

from the Klass of '86... Kountry Aire!

London Aire · KountryAire · KountryLite

You outstanding young people are in a class all of your own and so is Kountry Aire. We at Newmar see to it that all Newmar products from Kountry Lite to London Aire are created and built with quality as the foremost element in manufacturing. As young adults you strive for educational perfection in the same manner we strive for perfection in our products, and, as you graduate with honors, so does Kountry Aire, but it doesn't stop here. We all constantly strive for improvements that will increase our value to ourselves and those we come in contact with. So here's to the future of the Classes of '86 . . . We're growing together!

HOME SWEET HOME

THE HOME OF YOUR FUTURE MAY WELL BE A MANUFACTURED HOME.

There's a very good chance that someday you will buy a manufactured home, such as our Innsbruck pictured above. A home designed by housing professionals and engineered and built to exacting standards on an assembly line (but with many skilled hand operations).

If you like, it will come complete with furniture; it will certainly include a stove and refrigerator. There will also be carpet on the floor and curtains at the windows. You'll be able to buy house and furnishings, perhaps land too, as a package deal. A sweet deal any way you look at it.

We build the forerunners of your new home every day right here in Nappanee, and sell them throughout much of America. Fairmont Homes, Inc. is the largest manufactured housing operation at one location in the world, occupying nearly 100 acres.

Many of you have parents or other family members who work here. Some of you will work for us yourself someday. But, whether you stay here or look to your future in some other location, we'll be here when you're ready for your own Home, Sweet Home.

We believe in the future of manufactured housing.
And we believe in you.

►**Office assistants for** year are presented appreciation awards.

As editors of Lessons in Class, Logue 1986, we would like to dedicate this book to the class of 1986. It was the staff's aim to put in print exactly what our class has grown up with through their years in the Wa-nee community schools, and with graduation, what we'll leave behind is unable to be recaptured in form other than a memory. Our class is NorthWood itself. Through the years we've spent together, we've become a part of each other. We've grown up together, shared ourselves with each other and learned many lessons in the process. This is the goal of adolescence, is it not? And what better place is there, than our own community to spend that time in? However, adolescence is over for us and we move into the world of adults. It is a frightful step for each one, but with our background, how could we do anything but succeed? Hopefully, with each glance through our Logue, you'll be reminded of the Lessons in class we've integrated into our being and be urged to succeed a step farther.
